Rodrigo Faustini

Information Security Professional

PROFILE

I was born in June/1973 in Cachoeiro de Itapemirim/ES, Brazil. I'm single, non-smoker, curious, honest, loyal, responsible, discreet, friend and an amateur drummer and photographer. I love technology, travel, reading, music, games and good wine. I easily adapt to new places and have a pointed critical sense.
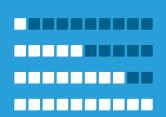

OBJECTIVE

As a generalist IT professional and IS (information security) specialist with much more experience in management than technical hands-on, I seek related positions such as:

- CSO/Security Officer
- Information security (IS) lead auditor
- IT/IS manager/coordinator/project manager

EDUCATION

July 2003

INFORMATION SECURITY
Post graduation (latu sensu), 1 year
Estácio de Sá University, Rio de Janeiro/RJ - Brazil

December 2001

BUSINESS ADMINISTRATION
Graduation, 5 years
FACCACI, Cachoeiro de Itapemirim/ES - Brazil

LAST EXPERIENCES

2012 to present

INFORMATION TECHNOLOGY ANALYST
Prodest - ES State Government - Vitória/ES - Brazil

I currently coordinate an information security team, in which I am responsible to lead, evaluate, execute and audit projects and demands.

1999 to 2012

INFORMATION TECHNOLOGY CONSULTANT
Self-employed (own consulting company), Brazil

I worked for 13 years as an independent IT contractor/consultant, managing and executing projects of different natures, including information security, surveillance and in-company training.

2005 to 2007

INFORMATION SECURITY CONSULTANT
Modulo Security - Solutions for GRC, Brazil

Modulo is the leading consulting company in governance, risk management, compliance and information security in Latin America. I represented them in many of their medium and large clients of both private and government sectors as a project leader and consultant in projects involving risk analysis, security policy elaboration, regulatory compliance, ISO 17779 & ISO 27001 certification implementation, etc.
